DEPARTMENT OF HEALTH RESEARCH (DHR)
SPONSORED TRAINING PROGRAMME ON
“MOLECULAR BIOLOGY APPLICATIONS: RESEARCH
AND DIAGNOSTIC TECHNIQUES”
DATE: 30th JANUARY to 3rd FEBRUARY, 2025

The DHR sponsored Training programme on “Molecular Biology Applications: Research and Diagnostic Techniques”, is being organized in recognition of the need to expand trained manpower in North-East India on human disease to identify important risk factors and interactions among them. The training course aims to impart the participants with hands on training using latest skill for molecular biology/molecular diagnostics using molecular tools and technique.

TECHNIQUES:

1. PCR and RT-PCR
2. BACTERIAL TRANSFORMATION

REGISTRATION LINK

<https://forms.gle/CHbbrHVuJYFzvm3S7>

CONVENER

Dr. Subhash Medhi,
Dr. Md. Ghaznavi Idris

ORGANISED BY:

Laboratory of Molecular Virology and Oncology (LMVO)
Department of Bioengineering & Technology, Gauhati University
Sponsored by Department of Health Research (DHR), Ministry of Health and Family Welfare
*Lodging and TA has to be beared by the participants

WHO CAN APPLY?

- Faculty and Scientists associated in molecular diagnosis based research in Medical college institute/university
- Registrar & Demonstrator of Medical College/ Institute/ University
- PG and Research Scholar working in Medical Biotechnology/Diagnosis
- DMLT/BMLT students

REGISTRATION FEES

Rs. 1500/-
Total number of participants is 15.
