Date: 18/03/2025

NOTIFICATION

Exciting Opportunity to Learn IoT – Open to All Students!

Gauhati University, in collaboration with NIELIT, is offering two hands-on IoT training courses designed to equip students with the latest technology skills. No prior technical background is required for **Course 1**, making it an excellent opportunity for students from **all disciplines, including Arts, Commerce, and Humanities, to explore the world of IoT**. The workshops will be conducted from 31st March 2025 at the University Premises

These courses are aligned with the NIELIT NSQF curriculum (with duration adjusted for this project) and will provide **valuable industry-relevant skills** to enhance career prospects.

Who Can Apply?

Students from **both UG and PG programmes** across all branches are encouraged to participate.

Course Details:

- **Course 1: Model Smart AIoT Systems** (30 hours / 5 days) – Open to students of **all branches**, including non-science backgrounds.
- **Course 2: Introduction to IoT Application Development for Agriculture** (30 hours / 5 days) – Preferably for **Science stream/Engineering & Technical students**.

Both courses will run parallelly, and students may select only one course. **Computers will be provided, but having a laptop is preferable** for better hands-on practice. Certificate upon completion

Selection Criteria:

- **Selection will be on a first-come, first-served basis. (50 students per batch)**
- **Last Date for Registration:** 20th March 2025, 05:00 PM

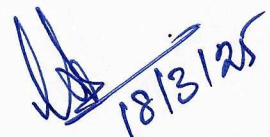

Required Documents for Registration:

1. 10+2 Pass Certificate.
2. Caste Certificate (only for SC students) and Student's Aadhaar Card.
3. If submitting a Parent's Caste Certificate, the student must also submit their Father's Aadhaar Card along with their own Aadhaar.

Fill out the online registration form using the following link:
