AROHAN

AROHAN

Academic & Research Objectives Handler

AROHAN is the IQAC's recent initiative to capture all academic and research performance indicators of all faculty members. The meaning of AROHAN in Sanskrit word is to Rise and as it indicates, it is our continuous effort to Rise above the standard.

AROHAN is a digital platform which is now fully operational, through which the faculty members will be able to log all their academic and research performance indicators. This will ultimately serve as the academic data repository for all requirements such as NIRF, NAAC, CEWU database and GU Annual Report etc.
