SESSION DETAILS

For the first 5 days of the programme, every day was started with a session of yoga and meditation. Two experts were invited to serve the purpose. The students actively took part in the session and found them to be fruitful.

There were two sessions on improving the Logical Skills and Spoken English of the students. The experts invited for the same could captivate the students with their expertise making the sessions exciting and informative as well.

A few sessions were conducted on art and craft by two invited experts. The students had fun in exploring their creative and artistic side. They even showcased their creations on the final day of the programme during the valedictory session.

A series of eminent lectures were delivered by invited speakers who enlightened the students about topics that could help them build their career as well their personalities. The topics covered in the talks ranged from development in new technologies to career prospects.

Local tours as well as department trips were conducted to familiarize the students to the campus as well as the departments of the institute.

Extracurricular activities were conducted by dividing the students into groups. The students were asked to give preference from a list of activities viz., games, music and miming. The students took active part in the activities and thoroughly enjoyed them.

A clean campus drive was organized at two sites in the campus to create awareness amongst the students about the importance of keeping their campus clean.

There were a few sessions on Universal Human Values conducted by experts of the Institute well-trained for the same.

A Mentor Mentee session was held on the final day with eight mentors each with a group of 10 students each. The session involved one to one interaction with the students where they opened up about their experience, feedback and suggestions on the Induction Programme.

The daily attendance and feedback was collected from the students using google forms. The Google form is made available on the Google classroom for starting the process. The daily feedback on sessions and students' expectations and learning was taken after the last session was over for the day. The record of the feedback is maintained through official e-mail ID for Induction 2020.

The closing of the Induction programme is conducted on November 27, 2021 with a valedictory session. A wonderful cultural programme was organized by the newcomers showcasing the talents of a few of them. The meeting was graced by Heads of the Departments of GUIST and was addressed by TEQIP co-ordinator Dr. Eeshankur Saikia and Induction co-ordinators, Dr. Jyoti Prakash Medhi and Bharati Baruah.

The Induction programme was a great experience for both the students and the Institution. The feedbacks obtained were encouraging and helped us to improve each session on a daily basis. The conduction of the Induction Programme hopefully served its purpose and the students are well groomed to spend their next four years in this prestigious institution.

INDUCTION PROGRAMME -2020

SESSION DETAILS:

For yoga we have invited three experts from different organizations. The session starts daily at 9.30AM to kickstart the day. The students interacted with the instructors and were very much enthusiastic during the session.

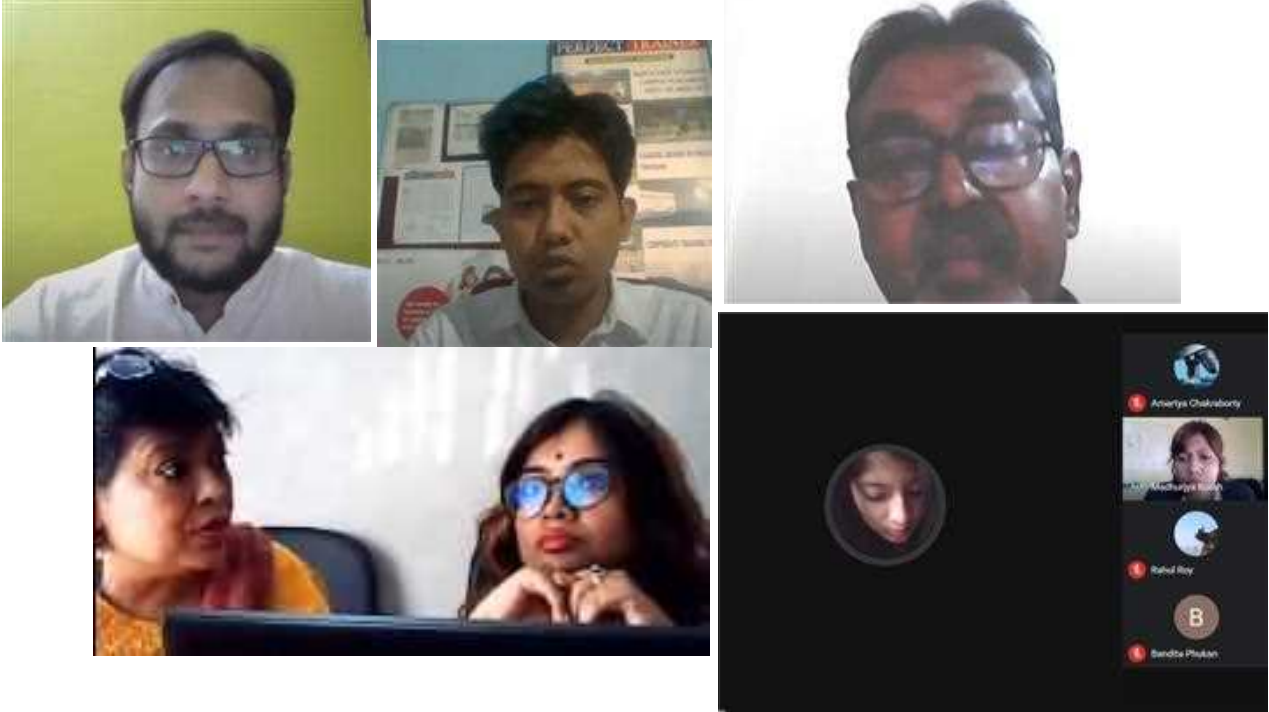

To handle UHV sessions we engaged few of our faculty members and few from Gauhati University departments. The student's feedback on these sessions were encouraging and they always took part actively with healthy question answer sessions.

INDUCTION PROGRAMME -2020

We also arranged few experts for spoken English and motivational talks on different emerging issues for benefit of students. The topics include Documentary Films, Scopes of higher studies in abroad, Effective Communication, Entrepreneurship, Mental Health.

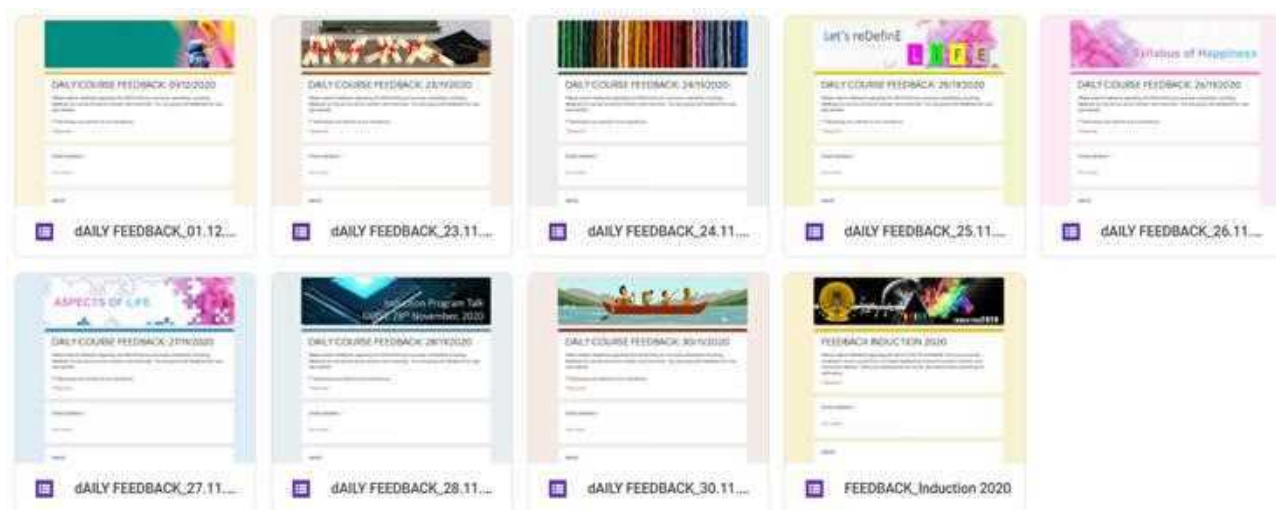

We invite two art teachers to trained our students for art and craft sessions. We also have session on astronomy from one of our faculty members. Also, we fix a session on mental health by inviting a psychiatrist. Few of the students art craft works are shown below.

Daily attendance is maintained with the help of a Google form which is compulsory for obtaining the google meet link for the current session. The Google form is made available on the Google classroom for starting the process. The daily feedback on sessions and students' expectations and learning is

INDUCTION PROGRAMME -2020

taken after the last session is over for the day. The record of the feedback is maintained through official e-mail ID for Induction 2020. An overall feedback with detail experience and learning is taken after the valedictory session.

The closing of the Induction programme is conducted on 01.12.2020 with a valedictory session where students gave their experiences online with an overall feedback from students. The meeting was graced by Director GUIST, along with SPIU co-ordinator who joined the meeting online. The meeting was addressed by TEQIP co-ordinator Dr. Eeshankur Saikia and Induction co-ordinators, Dr. Sunanda Naik and Jyoti Prakash Medhi.

The online experience for the Induction programme was a great experience for both the students and the Institution. With limitation of few activities such as department visits, local area visit etc. could not be made possible. It was really a challenging task to conduct online but with few technical issues, we have successfully completed the programme. The feedbacks obtained were encouraging and helped us to improve each session on a daily basis. Finally, we hope the students were benefitted from the Induction programme 2020.
